

**Lessons Learned for President Student Chapter**

## Things that worked out:

- 1) At least 3 students attended the PDM's organized by Parent Chapter
- 2) At least one BOD from Student Chapter attended the Parent chapter BOD and discussed the progress & improvements of the student chapter.
- 3) Got office, copiers, fax machines, computer, mail box, work place, storage bin and many more from Wichita State University
- 4) 13 Students attended the international Conference held at Kansas City, MO
- 5) Very good interaction with the VP Programs, Wichita Chapter helped 7 students to get internships in various companies like LSI Logic, Airtechnics & Perfekta.
- 6) Webinar were held every Wednesday for 2 months.
- 7) Interaction with other Professional societies like IIE, ASQ & SME helped us to gain more importance of APICS by various students.
- 8) Help parent chapter to arrange for PDM and analyze the survey and various activities helped the student chapter to get more importance from parent chapter.
- 9) Interaction with parent chapter helped us smoothly conduct various activities like, Who Wants to be an IE? Lego Mindstorm, Lean Panel Presentations, Professional speaker Presentation & Open House Competition.
- 10) 6 Students attended the Student Case Competition Held at IL and won 3<sup>rd</sup> place in the competition.

## Things that did not work out:

- 1) Promotion of APICS Student chapter at various schools in Wichita.
- 2) Arrange for a one day Luncheon session, so that the entire student member could have got chance to interact with all the professionals of parent chapter.
- 3) At least every BOD meeting of Parent chapter should be attended by President & a BOD of Student chapter.
- 4) Organize a one day workshop, so that parent chapter professionals can share their knowledge with the student chapter members.
